December 2016

Message From The Chair

'Tis the season for reflection and resolutions for the future. Upon reflection, I'm happy many of our resolutions of the past year came to fruition with positive changes, new faces and programs and accomplishments recognized for faculty, trainees, students and staff. In the UA Department of Medicine, 2016 was an exciting year in which we can take pride and enjoyment on a job well done.

Clinically, our transplant nephrologists and others in the Kidney Transplant Program helped the number of kidney transplants this year break all records and our Pulmonary and Critical Care team helped recertify the Lung Transplant Program. Now, that's teamwork!

New Adult Cystic Fibrosis Program Director **Dr. Tammy Clark Ojo** accepted the Vice Chair for Clinical Affairs post with the promotion earlier in the year of **Dr. Gordon Carrto** CMO for Banner – UMC Tucson and South. **Dr. Phil Factor** accepted additional responsibilities as Vice Chair for Faculty Affairs in addition to his role as Vice Chair for Quality & Safety. And **Dr. Laura Meinke** agreed to head the Vice Chair of Education Office on an interim basis as we start a search to replace **Dr. Ken Knox** who took **Lu Martinez**, DOM education director, with him this month to run the Faculty Affairs Office at the UA College of Medicine – Phoenix. Congratulations.

With respect to our Education mission, we added a Physician Scientist Track for our residency programs and worked toward a Primary Care Track in Internal Medicine as well as explored a merger of the Internal Medicine Residency Programs at the Tucson and South Campuses. South Campus resident **Dr. Jessica August** was named American College of Physicians – Arizona Chapter Resident of the Year and three Pulmonary and Critical Care fellows—**Drs. Huthayfa Ateeli, Naser Mahmoud** and **Muna Omar**—won the National CHEST Competition at the American College of Chest Physicians annual meeting. Kudos to you all.

Our Vice Chair for Research, **Dr. Jil Tardiff** helped launch several new initiatives and events, including a [Fellows Retreat](#), the monthly [DOM Research Seminar Series](#), the upcoming inaugural [PI Poster Sessions](#) (Jan. 17, 2017, in Kiewit Auditorium) and grant review and incentive programs for junior faculty. She also oversaw development of a new [Research section](#) for our website, which was completely redesigned this year, too,

with numerous new features to spotlight innovative work being done in our Department. As I mentioned in the last newsletter, research awards and publication for our faculty were through the roof in 2016. UANews notes in an article below that the “UA ranked in the Top 25 for Research Funding” this year by the National Science Foundation. Also below, you can see links to more than 225 published papers by our faculty, fellows and residents on advanced research achieved in our Department.

And recruitment success meant many new faces — including new division chiefs **Drs. Liz Connick** (Infectious Diseases), **Larry Mandarin** (Endocrinology), and **Julie Bauman** (Hematology-Oncology) as well as interim chiefs **Steve Goldschmid**

(Gastroenterology) and **Sai Parthasarathy** (Pulmonary) — and expanded programs across our 13 divisions. I'm so pleased to be able to say you can add a 14th in 2017. My good friends, Wake Forest's **Drs. Gene Bleecker** and **Deb Meyers** (*pictured on left*) agreed last week to lead as co-chiefs our new Division of Genetics, Genomics and Precision Medicine as well as be co-directors of a new section in the UA Center for Applied Genetics and Genomic Medicine.

I'm happy to provide you more past and future recruits (and other achievements) in my full "**2016 Year-in-Review**" ([click here](#)). For the present, let's resolve to continue the excellent pace we set in 2016 in moving the ball forward for the benefit of our colleagues, our fellows, our residents, our students and our patients. Give yourselves a pat on the back. Happy Holidays!

Monica Kraft, MD

Robert & Irene Flinn Professor of Medicine

Chair, Department of Medicine

Associate Director, UA Health Sciences Asthma & Airway Disease Research Center

University of Arizona College of Medicine – Tucson

UPCOMING EVENTS

DEC 13	Endocrinology Grand Rounds with Dr. Melanie Hingle	DEC 13	Banner - University Medical Group Town Hall	DEC 14	DOM Grand Rounds with Dr. Julie Bauman: Head & Neck Cancer
DEC 16	Sarver Heart Grand Rounds Guest Speaker: Dr. Bimal Padaliya	JAN 9	Advances in Aging - Delirium & Beyond with Dr. Serena Scott	JAN 12	DOM Research Seminar Series (UAHS 5403)
JAN 17	DOM PI Poster Session (Kiewit Auditorium)	JAN 28	16th Annual Living Healthy With Arthritis Conference	FEB 22-24	Feeding Your Genome - Precision Nutrition and Health Conference

A woman with reddish-brown hair, smiling, wearing a white lab coat over a green top. The lab coat has a logo on the left chest that reads "Harvard University Medicine". In the background, a surgical team in green scrubs and white gloves is performing a procedure on a patient lying on an operating table. The scene is dimly lit, typical of an operating room.

UA President **Ann Weaver Hart** named UA Surgery Department Chair **Dr. Leigh A. Neumayer** as interim senior vice president for health sciences. Her appointment is effective Jan. 1, 2017, following **Dr. Joe G.N. "Skip" Garcia's** decision to resign his administrative role and step back to faculty. A world-renowned pulmonologist and physician-scientist on the genomics of lung disease and prevention and treatment of inflammatory lung injury, Dr. Garcia recruited her from the University of Utah in 2014...

With a year-to-date total of 108 kidney transplants, the multidisciplinary team of surgeons and transplants specialists with the UA Departments of Surgery and Nephrology—as well as numerous others who support the ongoing collaborative effort including nurses, social workers, pharmacists, nutritionists and lab staff—celebrated the record achievement Nov. 29 at Banner – University Medical Center Tucson...

Dr. Knox Named Faculty Affairs Associate Dean at COM – Phoenix

A faculty member at the UA College of Medicine – Tucson since 2008 and chief of the Division of Pulmonary, Allergy, Critical Care and Sleep Medicine since 2010, **Dr. Ken Knox** takes his talents to the expanding UA College of Medicine – Phoenix campus. **Dr. Sai Parthasarathy** was named interim pulmonary chief, while **Dr. Laura Meinke** manages the Vice Chair for Education Office. **Lu Martinez**, DOM education director, accepted a post as assistant dean, faculty affairs and development, COM – Phoenix...

RESEARCH

See Photos, Video on DOM Research Seminars, PMI Town Hall, New Sleep Center Open House

Excellent turnout for recent DOM academic events includes the last two Research Seminar Series lectures with **Drs. Cristine Berry**, **Larry Mandarino** (Dec. 8), **Louise Hecker** and **Sai Parthasarathy** (Nov. 10); the DOM Precision Medicine Town Hall, Dec. 7; and an open house for the new UA Health Sciences Center for Sleep and Circadian Sciences, Dec. 2. See photo galleries and video links to archived webcasts...
