

# Now Open: New Cath Lab!

---

It's with great excitement that I announce the opening of a new catheterization lab here at BUMCT.

Here are the details:

- **The cath lab will be equipped with a second biplane c-arm x-ray unit that will support the growing EP service line, Dr. Bala and our growing stroke program**
- **Located on the 1st floor where central check-in used to be**
- **We're bringing in cutting edge technology for complex electrophysiology procedures**

"The opening of our new state-of-the-art EP laboratory reaffirms BUMC-Tucson's commitment to provide the most innovative and comprehensive cardiac rhythm care for patients in the southern Arizona region."

— Dr. Hutchinson

**As always, more exciting updates to come!**
