COMSAC Employee Recognition "Staff Awards of Excellence"

On April 10, 2014, the AHSC Staff Awards of Excellence were handed out. Nominees from each of the 4 AHSC Colleges (Medicine, Nursing, Pharmacy and Public Health) were announced and 1 lucky recipient from each category received a cash award. Our very own Melissa Colchado and Janet Wall were nominated, each for the first time. Both were pleased and honored to be nominated and were thrilled to be on stage with other equally impressive peers. Although the definitive prize was awarded to another nominee, their excitement was not diminished as evidenced by the photo below of the beaming duo:
