

# Friday Frontiers in Biomedical Science

Designed to engage researchers and clinicians at all stages of career development, the upcoming seminar is hosted by the Division of Dermatology and Clara N. Curiel-Lewandrowski, MD, professor of medicine and co-director of the UArizona Skin Cancer Institute. Featuring special guest Andrew P. South, PhD, professor in the Department of Pharmacology, Physiology and Cancer Biology at Thomas Jefferson University Sidney Kimmel Medical College.

Dr. South will share a 40-minute overview of his work, with an opportunity for audience engagement. Light refreshments will be provided for in-person guests.

**Friday, February 16, 3-4 p.m.**

**Health Sciences Innovation Building**  
HSIB Forum, remote option  
Refreshments provided.

**Register  
to Attend**
