lgerald@email.arizona.edu • (520) 626-3243

Dr. Lynn Gerald is the Canyon Ranch Endowed Chair and professor in the Department of Health Promotion Sciences at the University of Arizona Mel and Enid Zuckerman College of Public Health, and associate director for clinical research with the Asthma and Airway Disease Research Center at the University of Arizona Health Sciences. She is a nationally known expert in the area of school based asthma including implementation of asthma management programs, school based asthma case detection, and internet based asthma monitoring. She also has extensive experience in the areas of clinical, behavioral and epidemiological research in asthma, COPD, and tuberculosis.

Dr. Gerald is actively involved in professional and community education related to asthma and has served on many national and local boards including the American Thoracic Society Board of Directors and the American Lung Association of Southern Arizona Board of Directors. She currently serves as PI of the American Lung Association Asthma Clinical Research Center at the University of Arizona. Dr. Gerald has also served on many thesis and dissertation committees and mentored many graduate students, fellows, and junior faculty in the development of research programs.
