

Cancer Prevention and Control (CPC) Seminar

EPI 696B

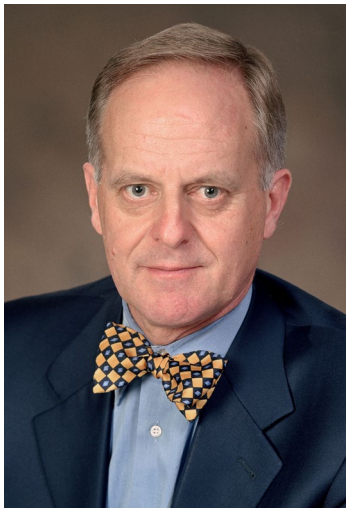

Wednesday, September 25th

9:00 am

(Bagels and Coffee will be served)

UA Cancer Center – 2920

***“Native American Colorectal Cancer Screening Disparities:
An NCI Moonshot-Funded Response”***

Peter Lance, MD, FRCP

Professor of Medicine, Molecular & Cellular Biology and Public Health
The University of Arizona

Summary: Colorectal cancer screening rates among Native Americans lag far behind those in the general population. NCI has an implementation science approach to address this problem.

If you wish to view this presentation at a later time, you may access the video at <https://streaming.biocom.arizona.edu/home/>. Click on ‘Centers of Excellence’ then ‘Arizona Cancer Center’; scroll to the date desired.

In addition, CPC Seminars are now available, via Zoom. Please follow the link <https://zoom.us/j/6021215414>. If you do not currently have zoom, you will be prompted to download the free app. Alternatively, you can open your zoom app and join the meeting with 6021215414
