of Medicine

Medicine Grand Rounds

“Vitamin D: Where is the Evidence for Supplementation?”

Speaker: **Clifford J. Rosen, MD**

UArizona College of Medicine – Tucson
Lecture Hall, Room 5403
1501 N. Campbell Ave., Tucson, AZ 85721
Noon – 1:00 pm | Wednesday, Jan. 31, 2024

– A light lunch will be provided. –

About the Presenter: Dr. Cliff Rosen is a professor of medicine at Tufts University School of Medicine in Boston, clinical and translational research director and senior scientist at the MaineHealth Institute for Research in Scarborough, Maine, and a faculty member of the University of Maine Graduate School of Biomedical Science & Engineering in Orono, Maine. He is founder and former director of the Maine Center for Osteoporosis Research and Education. He was the first editor-in-chief of the *Journal of Clinical Densitometry*, a past editor-in-chief of *The Primer on Metabolic Bone Diseases* and currently serves as a *New England Journal of Medicine* associate editor. His publications include over 600 peer-reviewed manuscripts, covering both clinical and basic bone biology. Dr. Rosen’s research interests include genetic regulation of insulin-like growth factor I, skeletal metabolism and stem cell fate, parathyroid hormone as an anabolic therapy, and the relationship between marrow adipogenesis and osteoblastogenesis. Dr. Rosen has overseen numerous Phase II and III clinical trials, funded both privately and through the NIH. He has served as chair of the NIAMS Clinical Trials Review Panel and as past president of the president of the American Society for Bone and Mineral Research (2002-03).
