Medicine Grand Rounds
“State of the Art in Lung Cancer Care”
Speaker: David Feller-Kopman, MD, FCCP

UArizona College of Medicine – Tucson
Lecture Hall, Room 5403
1501 N. Campbell Ave., Tucson, AZ 85721
Noon – 1:00 pm | Wednesday, March 13, 2024
— A light lunch will be provided. —

About the Presenter: Dr. David Feller-Kopman is chief of the Division of Pulmonary and Critical Care Medicine at Dartmouth-Hitchcock Medical Center and a professor of medicine at the Dartmouth University's Geisel School of Medicine in Hanover, N.H. His areas of clinical expertise include all aspects of interventional pulmonology, including minimal invasive diagnostic procedures to evaluate suspicious lung nodules and enlarged lymph nodes in the chest as well as the evaluation and management of malignant and non-malignant central airway obstruction. In addition, he specializes in evaluation and management of pleural diseases with minimally invasive procedures such as ultrasound guided thoracentesis, indwelling pleural catheters and thoracoscopy with pleurodesis. He is a fellow of the American College of Chest Physicians and a member of the American Thoracic Society, American Association for Bronchology and Interventional Pulmonology and Miller-Coulson Academy of Clinical Excellence at Johns Hopkins.

Accreditation Statement: The University of Arizona College of Medicine – Tucson is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The college designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement: All Faculty, CME Planning Committee Members, and the CME Office Reviewers have disclosed that they have no financial relationships with ineligible companies that would constitute a conflict of interest concerning this CME activity.

Learning Objectives:
1. Diagnose a variety of internal medicine illnesses
2. Understand more clearly advances in therapy
3. Become truly professional physicians
