“Mechanistic Insights and Potential Therapeutic Strategies for HFpEF”

Speaker: **James K. Liao, MD, FACC, FACP**

UArizona College of Medicine –Tucson

Lecture Hall, Room 5403

1501 N. Campbell Ave., Tucson, AZ 85721

Noon – 1:00 pm | Wednesday, April 10, 2024

– A light lunch will be provided. –

About the Presenter: Previously on faculty at the University of Chicago and Harvard Medical School, Dr. Liao joined the University of Arizona College of Medicine – Tucson as professor and chair of the Department of Medicine in January 2023. He is an elected member of the American Society for Clinical Investigation and Association of American Physicians and is a fellow of the American College of Cardiology and American College of Physicians. He has served on editorial boards and as an ad hoc reviewer for esteemed journals, including: *Circulation*, *Journal of the American College of Cardiology*, *The New England Journal of Medicine*, *Science*, *Nature* and the *Journal of Clinical Investigation*, among others. His research is on cardiovascular disease prevention, lipid disorders and vascular biology, including the role of statins in stroke and atherosclerosis. Continuously funded by the National Institutes of Health for 30-plus years, his grants and awards

total more than \$20 million. His past and current research funding from all sources is more than \$24.5 million. Dr. Liao has authored or co-authored 13 textbook chapters and more than 250 peer-reviewed articles. He also has been awarded six patents.
