1501 N. Campbell Ave., Tucson, AZ 85721

Noon – 1:00 pm | Wednesday, Oct 23, 2024

– A light lunch will be provided. –

About the Presenter: Dr. Tara Carr is a board-certified allergist/immunologist physician and professor of medicine and otolaryngology at the University of Arizona with clinical, research and educational passions. Dr. Carr attended medical school at the University of Virginia, where she became fascinated by the field of allergy & immunology. She completed her internal medicine residency and allergy & immunology fellowship at Northwestern University’s Feinberg School of Medicine in Chicago, with an emphasis on translational research of airways inflammation and immune dysregulation. She joined the U of A faculty in 2011 and has since established and leads the Adult Allergy & Immunology Clinic at the Banner – University Medicine North campus in Tucson. She started the first ACGME-accredited Allergy & Immunology Fellowship Program in the state of Arizona, for which she serves as program director.

She is passionate about teaching internists and pediatricians the nuance of this specialized field. In her research career, Dr Carr is focused on studying the impact of environmental exposures on development and heterogeneity of allergic disease, with an emphasis on asthma. She has contributed to national collaborative research networks studying novel treatments of asthma for children and adults. Her highly collaborative laboratory at BIO5 serves as biorepository for multiple clinical cohorts and utilizes a range of experimental methods to describe immunological characteristics of asthma and allergic disease.
